

Diversity

New students may enroll at the start of any given semester, since the Foundational Courses, which are the prerequisites for any of the track areas, are offered year-round.

For international student we offer The True Light Fellowship International Correspondence Program. It is open to all English-speaking and writing students who desire to enhance their knowledge of God's Word and its application for more effective ministry as believers within their particular spiritual callings as well as life vocations. Certificates are awards after completion of program.
